ETHICAL PRACTICES BOARD ISSUES 1984 CAMPAIGN FINANCE SUMMARY

FOR CANDIDATES WHO DID NOT FILE FOR ELECTION IN 1984

Individuals, political committees and funds, and political parties contributed \$70,558 to 185 state candidates, other than state officeholders, in 1984, according to a summary of campaign reports compiled by the Ethical Practices Board.

Offices sought by the candidates whose committees filed reports include governor, governor/lt. governor, attorney general, state treasurer, state senator, state representative, supreme court, appeals court, district court and county court.

Minnesota law requires each registered candidate committee to file an annual Report of Receipts and Expenditures with the Board until the committee terminates. Committees of 74 candidates who did not file for office in 1984 terminated registration when they reported in 1985. Among the remaining committees are candidates who registered committees in 1974 through 1984.

Total campaign expenditures of \$56,674 were reported by the 185 committees, which disclosed total beginning cash balances on January 1, 1984, of \$192,892, and cash on hand December 31, 1984, totaling \$89,954. The committees reported total transfers of \$33,591 to other state candidates, political committees or political funds in 1984.

The Board's summary includes for each candidate total contributions received; total transfers to other state candidates and committees or funds; total campaign expenditures; beginning and ending cash balances; and a listing of the names of individuals and committees or funds contributing, in aggregate during 1984 \$100 or more to legislative, district or county court candidates and \$200 or more to candidates

(more)

for statewide office.

All candidates registered with the Board, including state officeholders and 344 candidates who filed for election in 1984, received contributions in 1984 totaling \$3,967,108. Campaign expenditures in 1984 by all 601 registered candidate committees totaled \$3,625,734.

Committee and fund reports, with summary publications based on 1984 campaign finance reports, are available for inspection at the Board office, Room 200 Capitol Medical Office Building, 590 Park Street, St Paul.

ETHICAL PRACTICES BOARD ANNOUNCES POLITICAL COMMITTEE AND
POLITICAL FUND CONTRIBUTION TOTALS FOR 1984 ELECTION

Political committees and funds spent \$2,463,665 to influence state election campaigns in Minnesota during the 1984 election year from total available resources of more than 16.2 million dollars, according to a summary of campaign finance reports compiled by the Ethical Practices Board.

1984 marked the first year in which state representative in the legislature was the only partisan state office on the ballot since the current campaign finance disclosure laws were enacted in 1974. However, contributions by political committees and political funds to candidate committees for state executive and state senate offices are included in the total contributions reported to the Board for calendar year 1984.

Included in the \$2,463,665 total are contributions of \$1,418,422 made by 368 political committees and funds other than political party units. This represents a 30% decrease from \$2,034,962 contributed by 344 nonparty committees and funds in 1982, when all state executive officers and state senators were elected, in addition to state representatives.

Political party committees contributed a total of \$1,045,243 to influence state election campaigns in 1984, a 35% decrease from their total contributions of \$1,616,492 in 1982, when all state partisan offices were elected.

Political party committees raised a total of \$4,188,103 during 1984, and ended the year with a total of \$530,759 in cash on hand, December 31, 1984. Other political committees and political funds raised a total of \$8,798,151 during 1984, and ended the election year with a total of \$3,721,210 in cash on hand.

According to statistics compiled from campaign finance reports filed for 1984, 368 political committees and funds other than political party committees were registered with the Board. This represents a 7% increase from 1982 when 344 were registered, and a 30% increase from 1980, when 284 were registered. Of the 368 reporting in 1984, 120 business-oriented committees and funds (including trade, professional, and health-related) contributed \$679,931. In the labor-oriented category, 122 committees and funds (including education-related) contributed \$568,645 to state election campaigns.

August 5, 1985

In the remaining category, 126 issue-oriented committees and funds (including membership associations, candidate committees for nonstate offices, and ballot question associations) contributed \$169,846 to state election campaigns in 1984.

Campaign finance reports filed by political parties, political committees, political funds, and candidate committees for 1984 are available for public inspection in the Ethical Practices Board office, 200 Capitol Medical Office Building, 590 Park Street, St. Paul. Copies of summaries of filed reports are available from the Board on a first-come, first-served basis.

This represents a 54% increase over 1982, when \$8.38 million was received, and a 77% increase over the \$7.32 million received in 1980.

Included in the \$12.98 million total are contributions of \$8,798,151 received by 368 political committees and funds other than political party units. All but 6% of the total was received in amounts of less than \$200. Separate donations of \$200 or more were received from 1,240 donors, totaling \$530,450.

Political party committees received a total of \$4,188,103 in contributions during 1984. One-fifth of these contributions were received as separate donations of \$200 or more from 818 contributors, totaling \$842,317.

According to statistics compiled from campaign finance reports filed for 1984, 368 political committees and funds other than political party units were registered with the Board. Of the 368 reporting in 1984, 122 labor-oriented committees and funds (including education-related) received over 99% of their \$3,336,949 total contributions in amounts of less than \$200. In the issue-oriented category, 126 committees and funds (including membership associations, candidate committees for nonstate offices, and ballot questions associations) received total contributions of \$4,557,125, with 6% received as separate donations of \$200 or more from 537 contributors.
